High-quality in-ceiling loudspeakers, delivering exceptional sound quality and value for a wide variation of applications, ranging from paging and announcements to background music systems in a wide range of business applications, including hotels, restaurants and pubs, corporate offices, retail stores. Line transformer allows fast and smooth connections to 100 Volt public address or low impedance systems. The mounting of the loudspeaker into the ceiling is achieved with a quick-fix mechanism, offering great installers convenience and lifetime stability. The construction of the speakers' housing is made out of iron while the front is covered by a steel grill.
